

To support our team, we are looking for the next possible date for a

Junior Project Manager (m/f/d)

We are a leading international company in the field of machine and special machine construction.

Our core competences are counting machines for industrial use. This has made us one of the most important partners of the global securities and banknote printing industry since our foundation in 1990.

The entire product range is developed and manufactured at our company headquarter in Heilbronn by our 30 long-serving employees.

Your tasks:

- Supporting sales and technical management in the coordination and execution of projects
- Independent handling and processing of smaller projects
- Proactive communication and reporting at all internal levels to ensure the success of the projects
- Monitoring the resources to be provided by the individual departments
- Preparation of project-related documents

Your profile:

- Completed technical training
- Initial professional experience in project management is an advantage, we are also happy to give career changers and lateral entrants a chance
- You have a high level of technical understanding and an interest in project management
- You are characterised by a structured way of working and a high degree of self-dynamics
- Occasional willingness to travel and good written and spoken english skills
- Assertiveness, creativity, motivational capability, persuasiveness, resilience and high team spirit complete your profile

Your benefits at a glance:

- Attractive salary
- 30 days annual leave
- 38-hour week with flexitime model
- Overtime is remunerated with bonuses
- Permanent position
- Company pension scheme incl. employer contribution and VWL
- Promotion opportunities and development prospects
- Scope for innovative and independent work
- Great team spirit
- Corporate benefits e.g. employee discounts, co-operation with fitness studio in the immediate area
- Free parking spaces

Ready for exciting projects and technical innovations? Your future awaits with us!

We look forward to meeting you.
